

# CREATE A HEALTHIER ENVIRONMENT

## Help customers guard against harmful microbes with Bradley's Antimicrobial Washroom Accessories

Bradley Accessories and Partition door pulls and latches with antimicrobial protection help to inhibit the growth of microorganisms such as bacteria, mold, mildew and fungus – and the protection lasts for the products' lifetime – a long time considering the durability and quality you get with Bradley products.

Commercial Washrooms. Brought to Life.

# Don't make it easy for harmful bacteria to flourish!

Bradley's products with antimicrobial protection offer the ideal long-term solution when there is a need for a clean environment and a concern about the spread of bacteria and other microbes.

- Inhibits the growth of potentially harmful bacteria and other microbes including **E. coli ATCC 8739** and **S. aureus (MRSA) ATCC 33592**
- **Third party certified to meet JIS Z 2801 standard** for antimicrobial activity and efficacy
- Lasts the lifetime of the product – antimicrobial protection does not wash or wear away
- Protection begins when microorganisms come into contact with product's surface
- Simply choose the antimicrobial finish when specifying
