

# School Solutions Ideabook

Celebrating the way the world washes.

# Designing a healthy learning space.

Designing for schools means creating a safe, clean, and comfortable environment for students, staff, and visitors. From preventing the spread of harmful bacteria, to addressing the needs of the diverse age population and people of all sizes and abilities, Bradley's School Solutions help you meet the critical needs of your next school facility.

## Handwashing Solutions

Increase hygiene and safety with innovative and durable touch-free handwashing systems, all-in-one technology, hands-free faucets and soap dispensers, and a comprehensive line of Washroom Accessories.

## Accessibility

The majority of Bradley products meet the requirements of the Americans with Disabilities Act including Lavatory Systems, Washroom Accessories, Showers, Partitions, Grab Bars, and much more.

## Conservation & Sustainability

Conserving water and energy leads to more sustainable washrooms and cost-saving. With manufacturing innovations, products made from recycled materials, and award-winning product design, Bradley contributes to the green environment.

# School Restrooms

In every school space, quality, cleanliness and safety are important — especially in restrooms. From touch-free handwashing fixtures and accessories, to privacy partitions and more, Bradley products work cohesively to create an unequalled modern restroom experience for students and staff.

## NEW! Express® Lavatory Systems

Bradley Express® lavatory systems provide the complete package and deliver incredible value where it matters most — high durability, fast installation, easy maintenance and stylish design. The perfect alternative to china sinks and laminate countertops.

Made of durable and repairable Terreon® solid surface material, Express lavatory systems are vandal resistant and last the life of the building. Seamless construction eliminates mold and delamination, while gentle curves inside the basin make them a breeze to clean and maintain.

Pair with new touch-free Verge™ soap and faucet sets for a hygienic handwashing experience.

### GLX Series

Linear design  
1, 2 and 3 person models

### TLX Series

Streamlined trough design  
1, 2 and 3 person models

### ELX Series

Contoured design  
with integral divider  
2 and 3 person models

### Express MG-Series Lavatory System

Ensure students are able to quickly wash their hands between classes and before lunch. Cut down on installation time and costs, require fewer connections and are easy to maintain. One-piece integral Terreon® sprayhead offers superior vandal resistance. These units are ADA-compliant for both adults and juveniles.

*A survey of high schoolers show that 68% of students say school restrooms that are poorly maintained or unclean show the school doesn't care about its students.*

Bradley's versatile **OmniDecks™** are completely customizable including faucet/soap and multiple bowl shapes and sizes. The Terreon solid surface out lasts plastic laminate countertops hands down. It cleans with common cleaners, and is easily repairable.

**The Verge® Lavatory System** is made from Evero®, a blend of natural quartz, granite, exotic minerals and recycled materials, which is more durable than granite and maintenance free. Verge incorporates a beautifully-sculpted elongated basin with hidden drain and no visible seams. In keeping with contemporary design, the lavatory system utilizes small proportions, including minimalist access panel to conceal plumbing below. Perfect for higher education applications.

*According to the Centers for Disease Control and Prevention (CDC), washing your hands with soap and water is the best way to prevent infection.*

## NEW! Verge™ Soap Dispensers & Faucets

Create washroom harmony with the new line of Verge touch-free coordinating soap dispenser and faucet sets designed to complement Verge and Express handwashing basins. Advanced sensor technology eliminates false activations and optimizes power consumption, longer spouts create increased handwashing space and brass cast spout construction delivers durability with stylish and environmentally friendly PVD finishes.

Terreon

**Terreon® solid surface and Terreon®RE** recycled solid surface last a lifetime and can easily be repaired and renewed, thus minimizing the need for replacement or disposal. Terreon is a non-porous material which means that it will not support the growth of mold, mildew or bacteria, all substances that can adversely affect indoor air quality. Terreon is certified to meet the highest industry quality and performance standard for solid surface materials.

EVERO

**Evero Natural Quartz Material.** Evero is the first and only natural quartz material that can be molded into round and curved shapes giving you not only stunning design options to explore but a high performance product that is as beautiful as it is long lasting. Made from natural materials, such as quartz and granite, plus 25% pre-consumer recycled content and a bio-based resin. The Pearl Series contains 70% natural content.

### Multi-feed Soap System

Save time and money with the new top fill multi-feed soap system featuring a large capacity 1.3 gallon (5.0 L) tank that can supply up to six soap dispensers. Accepts bulk liquid or foam soap and is designed to work with Verge soap and faucet sets.

## Touch-free Washroom Accessories

Bradley's washroom accessories provide the clean look your restroom requires and touch-free activation to avoid the spread of germs.

### Automatic Roll Towel Dispenser

Touch-free sensor activated towel dispensers made of durable high-impact plastic

### Aerix+ Hand Dryers

Bradley's dryers reduce paper towel and energy costs, protect the environment, keep noise levels down and incorporate reliable touch-free activation.

### Soap and Hand Sanitizer Dispensers

Touch-free sensor activated soap and hand sanitizer dispensers available in liquid, foam and spray options.

# Classrooms & Laboratories

In the course of a day, students and staff move between multiple classrooms. Bradley offers a variety of classroom solutions, from handwashing to hand sanitizer dispensers and emergency safety fixtures to thermostatic mixing valves.

## Terreon Classroom Sink

Made of durable Terreon solid surface that can be easily repaired or renewed. Terreon Classroom Sinks are perfect for use inside the classroom or lab — keeping students under supervision rather than out in the halls. Can be drilled or equipped with faucets and drinking fountains, customizable waste receptacle openings and multiple bowl shapes and sizes. An optional four-sided drip edge around the sink perimeter helps keep water off the floor.

# Touch-free Activations

## Infrared Sensor

Bradley's sensor module's infrared transmitting beam creates a wide detection area. A timing turn-off delay results in a smooth, controlled hand-washing operation. The adaptive sensor is not affected by varying color tones or darkness. Also, bright light will not activate the system.

## Battery Infrared Sensor

Each battery-powered sensor uses a zone-focused infrared transmitting beam, creating a large detection area. The sensor is not affected by varying skin tones or darkness. The electronically-activated solenoid valve has few moving parts, providing reliable operation that is unaffected by most chemicals and minerals often present in municipal water supplies.

## Classic Washfountains

The 1921 original wash fountain, can accommodate 1 to 8 users. Available in Terreon or Terreon®RE solid surface or stainless steel. The stainless steel bowls are made from 60% recycled content. Many Bradley Classics are in service for decades. Some units are 60 years old or more and still in service.

 WATER **80%**
 SPACE **20-30%**  
 ENERGY **Heating 80% less water**

## Terreon Deep Bowl Washfountains

These washfountains encourage handwashing and accommodate up to eight users — a feature that conserves water and energy and takes up less space than conventional sinks. Lower height, foot activation and deep bowls make it easier for kids to use. Meet all juvenile height ADA and TAS requirements.

## NEW! Hand Sanitizer Dispenser Stand

Encourage hand hygiene anywhere in your facility with Bradley's freestanding hand sanitizer dispenser stand. Perfect for high traffic areas, the stand is strong and sturdy with a square base made of 11 gauge stainless steel, is easy to transport and features an integral drip tray to keep floors clean.

6A20-11 Dispenser stand pairs perfectly with Diplomat 6A Series hand sanitizer dispensers.

Soap/Sanitizer Dispenser Model 6A00

Foam Soap/Sanitizer Dispenser Model 6A01

Liquid Mist Sanitizer Dispenser Model 6A02

## Emergency Safety Fixtures

Bradley's Emergency Eye/Facewashes help prevent serious eye injuries and are essential components in more than science laboratories. Shop areas, maintenance departments, art classrooms and even the kitchens of school cafeterias are safety-critical areas.

Bradley's Halo technology provides 85% facial coverage — 20% more than other available products. Our broad product line includes eyewashes, drench showers and portable units.

Wall-mounted Halo Eyewash with dust cover Model S19224PDC

Cabinet-mounted Halo Eye/Face Wash Model S19284J

Deck-mounted Side Swing Halo Eyewash Model S19274C

# Locker & Shower Rooms

The pathway from kindergarten through high school is probably one of the ultimate test tracks in any product's life cycle. Only proven, solid solutions that can withstand the rigors of children and teens will make the grade. Bradley shower products, Lenox Lockers and privacy Partitions score high on this test.

## Multi-Fount® Washfountains

Multi-fount® Washfountains provide versatility for restroom designs. They come in Terreon or TerreonRE solid surface. They can accommodate 1 to 4 users and even come in a corner unit. Multi-founts provide the highest level of vandal resistance with all piping securely concealed behind the security panel. Wall-mount and floor-mounted units are ADA-compliant.

## Showers & Shower Stalls

Bradley offers a wide selection of group and individual showers. Shower rooms are increasingly private accommodations. In public spaces, focus on designs that encourage social interaction, while offering a sense of privacy with respect to personal space.

## Antimicrobial Products

**Grab Bars** with antimicrobial protection inhibit the growth of microorganisms such as bacteria, mold, mildew and fungus. Safety-grip finish application to entire bar ensures safety from any angle and robotic welded construction for consistent quality.

**Shower Curtains** are made of nylon-reinforced antimicrobial PVC vinyl fabric with top edge hemmed and aluminum grommets.

# Mills® Privacy Partitions

Today's high school students revealed that greater privacy surrounding restroom stalls is the top improvement they'd like to see in their school restrooms. Whether new construction or renovation, Mills® Privacy partitions offer all the features you need to give users a private restroom retreat for any application. Adding additional depth and height to stalls and panels increases privacy and saves on installation and material costs compared to full wall construction. Available in a full range of materials, colors, and mounting styles.

Door pulls and latches with antimicrobial protection.

# Lenox® Lockers

Solve metal locker maintenance and repair issues with Lenox® Lockers made of solid HDPE plastic. Lenox Lockers will not rust or dent or have to be repainted. They resist bacteria and moisture, making them perfect for high humidity locker rooms, and come backed by an industry leading 20-year warranty.

Durable, bacteria resistant Lenox Lockers withstand constant cleaning

-  Inhibits growth of bacteria and germs
-  Low moisture absorption, mold and mildew resistant
-  Chemical and corrosion resistant
-  Low maintenance, easy to clean
-  Graffiti is easy to remove from Bradmar and it won't rust or dent

# Water Tempering Solutions

Tempering Solutions from Bradley are the industry's most durable, reliable products for water heating, process heating and tepid emergency safety applications — perfect for cafeterias, pool areas, laboratories or any area that relies on safe water temperatures.

## Navigator® Thermostatic Mixing Valves

Another maintenance-saver from Bradley. With single valve design, you just set it and forget it! Installation is a snap and it is so reliable, it is virtually maintenance free. Plus, these valves come with an industry exclusive 10 year warranty on liquid-filled thermostat. Point-of-use models also available.

Navigator Point of Use Valve  
Model S59-4016N

Navigator Thermostatic Mixing Valve  
Model S59-2045

*“The new Bradley TMVs are working marvelously. I’m amazed by the lack of maintenance on these valves.”*

LOU PERLEONI, HEAD OF PLUMBING SERVICES, UNIVERSITY OF HARTFORD

**Keltech® Electric Tankless Water Heaters** built to the toughest standards — provide hot water on demand and save water and energy. Boiler systems have to generate and maintain temperature 24 hours, seven days per week. Keltech heaters save energy by heating water only when necessary, and the innovative controller is fully modulating thus only the actual kW needed are used. Keltech tankless heaters also save space, requiring only 3 square feet. Only one electrical connection and water is required for easy installation and there aren't any tanks, anodes or softeners to maintain.

*Precise. Reliable. Durable. Tankless.*
