2002-28	28.00 [711]	19.72 [500.9]	12.88 [327.2]	21.38 [543.1]	25.75 [654.1]	22.04 [559.8]

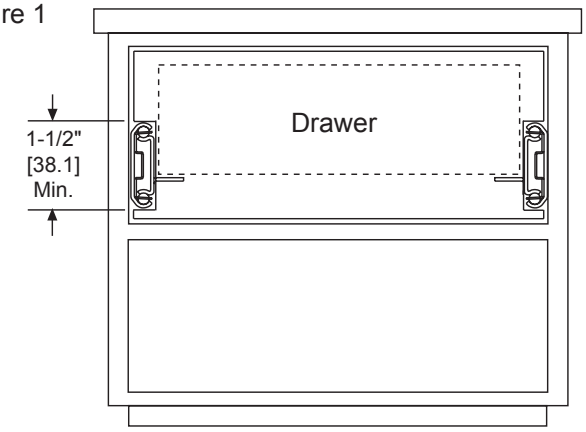

Mounting Instructions

NOTE: If cabinet is pre-drilled, the center line for the cabinet member holes should be a minimum of 11/16" [17.5 mm] from the bottom of the cabinet opening.

1. Install the slide outer member (larger member) to the cabinet using #8 pan head screws. Make sure slides are parallel.
2. Mount shelf/drawer on the inner member tabs using #8 wood screws. Do not tighten screws at this time. Cycle drawer at least twice in both directions to allow drawer to self adjust. Tighten all screws. There should be no sign of stiffness or binding.

NOTE: If drawer fronts are required, they must be notched to clear the stationary member of the slide. See Figure 1.

Figure 1

Slide Ordering Instructions

Complete your order for Accuride Model 2002 Two-Way Travel drawer slide by specifying the following:

20 Pair	C	2002	-12	D
Total Required Slides				
	Slide Finish			
		Slide Model		
			Slide Length	
				Polybag Packaging - *Includes Screws*
