Configurable

Contour's system is ingeniously designed to be fully adjustable, ensuring a perfect fit for any drawer, regardless of size or content changes. This adaptability allows for an organization system that grows and changes with your needs.

Coordinated

With three colors of faux leather to choose from, Contour coordinates seamlessly with the entire TAG product line as well as any other tone and finish - offering a refined look that elevates the overall aesthetic of your space.

Versatile

The Contour system is based on two distinct components - trays for personal items like jewelry and watches, and dividers for organizing clothing items such as pants, shirts, and lingerie. This dual approach ensures everything has its place.

Integrated

The Contour system is the perfect drawer organization system for closet professionals: simple to design and configure, easy to order and install. Contour can be ordered by the job - there are no lead times and no minimum quantities. Alternatively, Contour can be kept in your inventory as a regular stocking item for all your standard drawer installations.

TRIM TO FIT

Contour was designed to provide edge-to-edge functionality in any drawer and in any size. Contour's unique Trim-to-Fit installation ensures the whole drawer is utilized – both functionally and aesthetically.

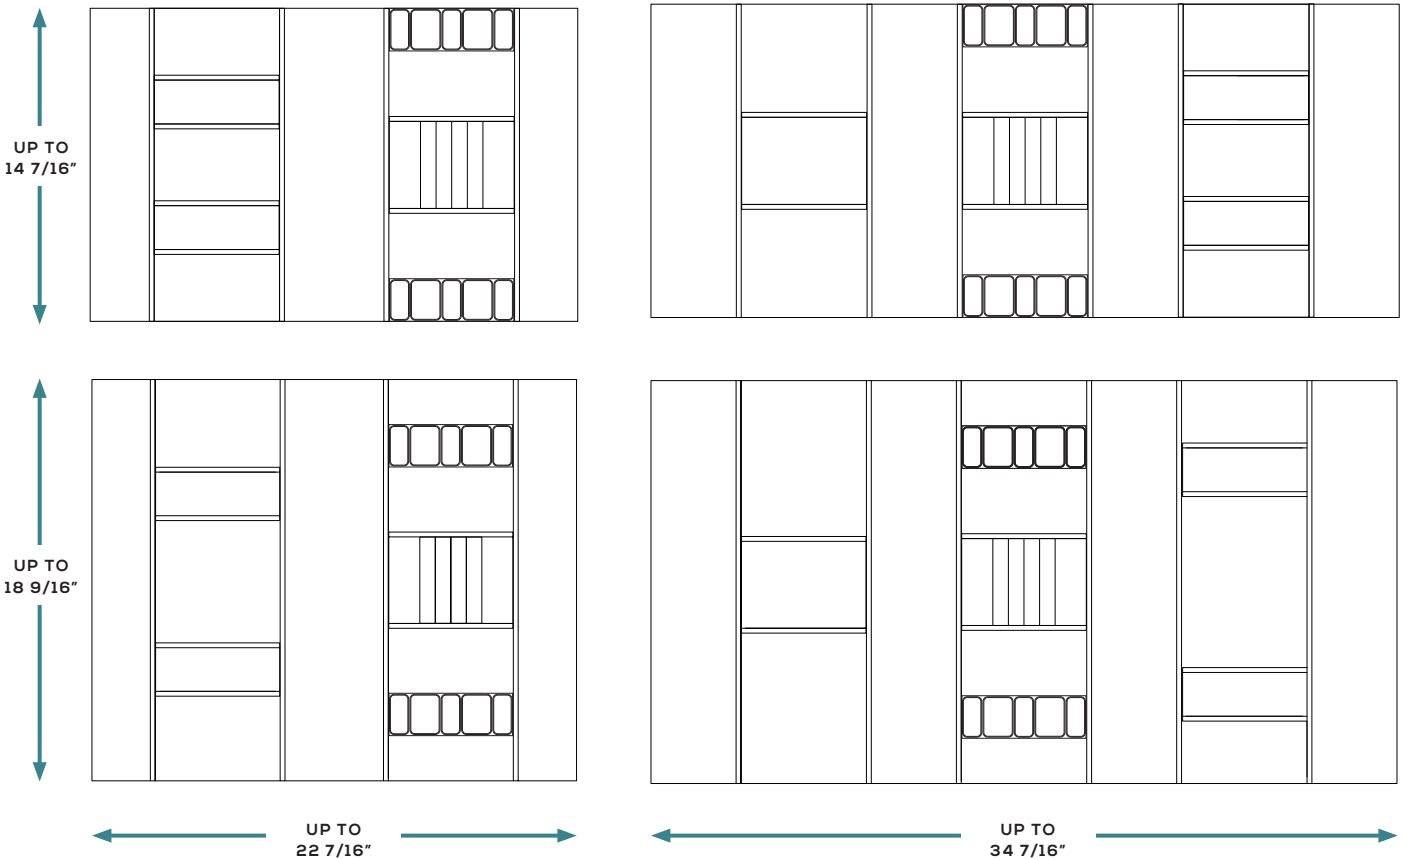

When planning to use Contour in your closet designs, it is good to understand how it is installed and the sizing requirements from component to component.

DRAWER

Typically drawer sizes referred to by the SPACE they are being placed into such as a 24" or 36" wide section with 16" or 20" deep partitions.

Contour products are based on this SPACE dimension however the finished product size is based on the interior measurements of a typical drawer for that space.

The physical size of the drawer front and the interior dimensions of the drawer box vary depending on style of front, material thickness, and by individual closet company standards. These maximum dimensions do not limit the use of Contour on smaller drawers as Contour can be placed in any size drawer through simple re-sizing of the materials.

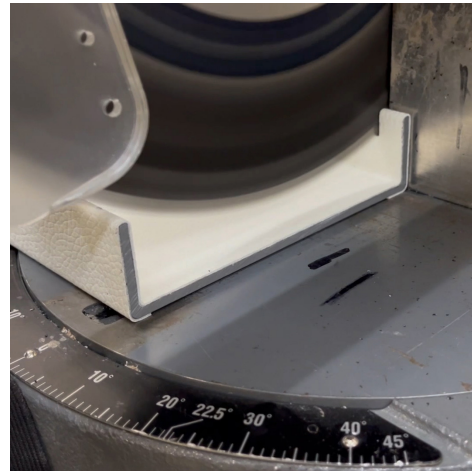

Trim-to-Fit for peace of mind.
Contour is designed to fit and function in any drawer.
This gives a designer one less thing to worry about and one more thing to enhance their closet designs.

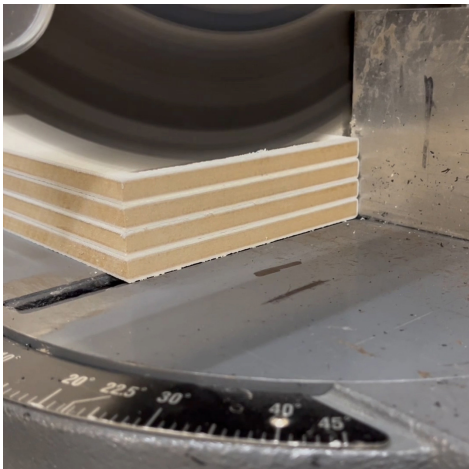

ACCESSORY ORGANIZATION

Drawer liners are constructed of soft, strong faux leather and can be trimmed with a utility knife. Trim 2mm shorter than width and depth to ensure proper fit.

CLOTHING ORGANIZATION

Trim organizer insert channels with a fine tooth saw blade – typically 2mm shorter than drawer depth to allow for smooth adjustments.

DRAWER LINER

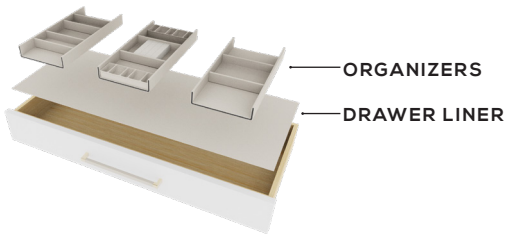

Drawer dividers are wood material wrapped in faux leather. These can be trimmed with a fine tooth saw to fit any drawer depth.

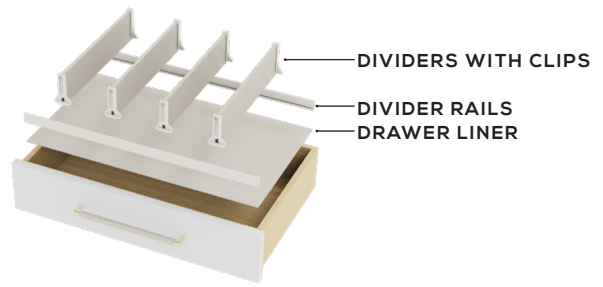

DRAWER LINER

A saw blade will easily trim the divider rails – cut with the rail channel UP.
