

Brass 55

Art. no. 02859

Page 1 of 1

Technology

- Body made of solid brass
- Shackle made of hardened steel
- Inner components made of non-corrosive materials
- Precision pin tumbler

Operation and use

- The padlock 55 offers a basic protection. This lock in sizes 25 - 35 mm is used to secure bags, luggage, caskets, cash boxes, etc. and in sizes 40 - 60 mm it is used to secure doors, gates, cabinets, lockers, tool boxes, cellar windows, sheds, switchgears, etc. The padlock 55 features a body made from solid brass and a shackle made from hardened steel. The 55 is self-locking: The padlock is locked automatically by pushing down the shackle - no key is needed for locking.

Variants

- Sizes: 15/16", 1 9/64", 1 1/2", 1 7/8", 2 9/32"
- Additional Shackle Lengths: 2 1/2"
