

Rekeyable Steel 83/80

Art. no. 52905

Page 1 of 1

Technology

- Body and shackle made of hardened steel with NANO PROTECT™ coating for extra corrosion resistance
- Patented "Z-bar" for 2-in-1 function: converts key-retaining to non-key-retaining and vice versa within seconds
- Patented "Pinning Window" makes rekeying of the cylinder very easy
- Can be keyed into many popular security keyways
- Cylinder cover available upon request

Operation and use

- The 83/80 is a professional rekeyable padlock for highest security requirements. This lock accepts most restricted keying systems. It is used to secure gates, sheds, containers, etc. The body and shackle are made of hardened steel with NANO PROTECT™ coating for extra corrosion resistance. The patented "Z-bar" allows the padlock to be converted from non-key-retaining to key-retaining and vice versa within seconds. A special cover is available upon request to protect the cylinder against moisture and dirt.

Variants

- Additional Shackle Lengths: 3 9/64"

Ultimate Security

Technical Data:

Width a [inch]	3 9/64
Horizontal clearance b [inch]	1 9/16
Vertical clearance c [inch]	1 11/16
Shackle diameter d [inch]	19/32

Depth e [inch]	1 5/16
Height f [inch]	4 43/64
Level	10
Weight [lbs]	3.13
