

# Weatherized Steel 83WP

Art. no. 52936

Page 1 of 1

## Technology

- Body and shackle made of hardened steel with NANO PROTECT™ coating for extra corrosion resistance
- Patented "Z-bar" for 2-in-1 function: converts key-retaining to non-key-retaining and vice versa within seconds
- Patented "Pinning Window" makes rekeying of the cylinder very easy
- Durable weather cover with drainage system
- Can be keyed into many popular keyways
- 83WP/53: Easy Shackle Change: Shackle can be exchanged within seconds

## Operation and use

- The 83WP/53 is a weather-protected padlock for high-security applications. The lock is used to secure doors, gates, cellar windows, sheds, barns, etc. The 83WP/53 has a durable weather cover with drainage system. The body and shackle are made of hardened steel with NANO PROTECT™ coating for extra corrosion resistance. Another important feature is that the shackle can quickly be exchanged. The patented "Z-bar" allows the padlock to be converted from non-key-retaining to key-retaining and vice versa within seconds.

## Variants

- Sizes: 2 1/4", 2 35/64"
- Concealed Shackle Version (CS) available

Maximum Security - Weather Protected
