**Lightning Rod Long Reach**

This long reach tool has an LED lighted tip to guide you during low-light conditions.

The Lightning Rod™ long reach tool utilizes LED technology in the self contained tip that allows the tool to be used in adverse conditions, such as heavily tinted windows, at night, where seeing where the tool is going is crucial.

LIGHTNING ROD LONG REACH

ITEM# LR

Two-piece Lightning Rod

This amazing tool combines the convenience of a collapsible tool with the usefulness of built-in light.
