STOCK LOCKS®

SlamCAM – spring loaded latch

Replacing steel cams with SlamCAM eliminates steel cams that crash into furniture or strikes while in the latched position. Bent cams can cause locks not to secure properly or secure at all.

- **DESCRIPTION:**

  SlamCAM, a spring loaded latch, converts CompX National cam locks (C8051-C8075) into self-locking. Allows the user simply to close the cabinet door or drawer when in the locked position.

- **PACKAGING:**

  Packaged with four spacers and three mounting screws
