

FALCON®

OHC100 Series

Door closers

Overview

Falcon overhead concealed closers deliver safe, effective door control, while also providing an aesthetically pleasing look for any door. Designed for both interior and exterior use, Falcon overhead concealed closers can be used with aluminum doors and frames in applications ranging from retail and restaurants to libraries, offices and medical clinics.

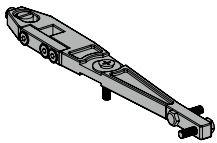

Updated design for greater versatility

Falcon OHC100 Series closers are designed to provide years of maintenance-free performance and quick, easy installation for both new construction and retrofit.

Updates include:

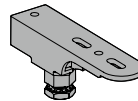

- Fully adjustable spring size 1 – 3.
- Fully adjustable spring sizes 3 – 5.
- Matches Jackson hole pattern for easy retrofit.
- Cast iron construction for lasting durability.
- Fits inside standard aluminum frame header for improved aesthetics and increased security.
- 90° and 105° standard opening with optional hold-open.
- 5-year warranty.
