

LIFTMASTER® WORRY-FREE INSTALLATION SUPPORT

A complimentary service included with every CAPXLV with video & CAPXLCAM

The last things you want to think about are network and technology challenges during setup. Each site is unique – but don't sweat it! LiftMaster's **Worry-Free Installation Support** considers everything needed to ensure a smooth install of your CAPXLV or CAPXLCAM

A Technical Consultation – Ready to answer any questions, give tips and help your install to go smoothly. Upfront prep saves your technicians time and money.

Pre-Site Install Checklist – Great tool to make sure everything is prepped and ready to go.

How-To Videos – We'll walk you through each step of the install, database import, networking, account and billing setup.

24/7 Online Support – FAQs, Articles, Videos available whenever you need them all in one site.

Your success is our goal.
