# Engrave-It™ PRO

## A Professional Engraver for the Lock Shop or Institutional Environment

The Engrave-It™ PRO is simple to operate, and designed to provide maximum versatility for engraving a broad range of items in both the lock shop and institutional environment. This unit is capable of marking keys, typical lock cylinders (including IC), padlocks, ID plates/tags, laminated plates/tags, and much more!\*

The Engrave-It PRO lets the operator select either “diamond drag” or rotary cutter engraving styles. Using powerful engraving software (with customer supplied PC) the operator can quickly select from a menu list of common tasks or create their own custom settings.

**Durable and versatile, the Engrave-It PRO delivers consistent, professional results.**

- Sequential numbering
- Custom lettering for marking keys, popular lock cylinders, and other items
- Capable of “fine” Engraving for presentation plaques, etc.
- Variety of fonts and marking styles
- Various clamping options provided to secure items being engraved
- Easy to read LED screen
- Red laser pointer for easy job set-up
- Vision PRO 9 “Expert” software package (no dongle required)
