

MORRIS CAT#: 10755
Insulation Displacement Connectors (IDC)
UR2 3 Port

Features:

Insulation Displacement Connectors (IDC) UR2 3 Port features include:

- 3 port wire butt splice taps onto service lines in ready access cases for pedestal mounts, pigtail joints or tap onto load coils such as toll cable splicing
- IDC connectors create fast splice and tap
- Corrosion resistant gel sealant to protect connection
- Designed for low voltage telecommunication cables
- Quick, easy one-step splicing
- Moisture-resistant sealant protects wires from corrosion
- Use with solid copper single-conductor wire
- Complies with REA PE-52
- Complies with TIA/EIA 568-A Par 10.4.4 CAT-5 Std
- Order Qty of 25 = 1 Bag of 25
