Model 0363

Two-Way Travel Slide

A two-way travel slide with full extension designed to provide access from both sides of installations.

Model 0363 offers a unique dual-access solution for industrial, commercial, institutional, and residential projects. This product is suitable for medical carts or interior and exterior access drawers or trays such as those used for drive-through pharmacies or banks. In residential applications, it is a good choice for kitchen islands and dining or entertainment bars.

Expands access in mobile supply carts

Detent and sequencing design ensures proper slide function

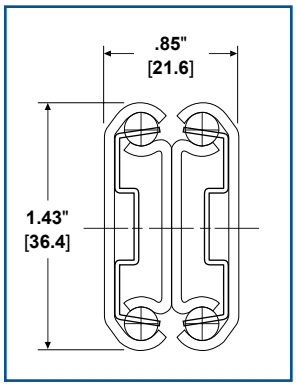

A good solution for partitioned indoor/outdoor access

Features & Benefits

- **Two-way travel** provides easy access from either side of the case or cabinet
