## Effortless Cleaning with Innovative Pull-Out Storage!

## Description

This bottom-mounted sliding system is designed to neatly store cleaning products in a base cabinet and features a **removable basket** for added convenience and easy access.

## Features

- Removable plastic baskets with high walls
- Easy to install
- Removable basket with rubber feet
- **Trendy dark gray color**
- Metal frame
- Made in Europe

## Advantages

- Ideal size for under-sink cabinets
- Keeps all cleaning products organized in one convenient place
- Easy to install at the bottom of the cabinet
- Rubber feet under the removable basket for added stability
- Internal dividers keep contents in place, organize different types of items, and contain spills within each section

**Complete set includes:**

- 1 sliding frame
- 3 storage baskets, including 1 removable basket
- Adjustable internal dividers for each basket

## Benefits

- Makes it easy to transport and move cleaning products around the house
- Optimizes space usage in typically underutilized areas
- Hassle-free installation process, saving time and effort
- Provides extra security for larger items, ensuring everything stays in place

## Applications

- Under-sink kitchen cabinet
- Base kitchen cabinet
- Any room in your home or office (laundry room, bathroom, etc.)
