PULL-OUT DRAWER TABLE MECHANISMS

This line of pull-out table mechanisms is right in step with the latest in home organization and functional furnishings, especially for **small spaces**. Whether for the kitchen, living room or guest bedroom, these hide-away tables can be used anywhere in the house, part of the trend toward, "**smart living**" versatile products that offer easy accessibility to all. They are fastened to aluminum, telescopic slides mounted in a drawer space or in a cabinet. Pull out the surface for a beautiful, sturdy table with models that seat two to six persons. The pull-out mechanisms are also a quick, clever way to create more counter space for food preparation, offering extra-strong load-bearing capacity for added safety. The tables optimize the overall layout of your kitchen by giving it modular **flexibility**.

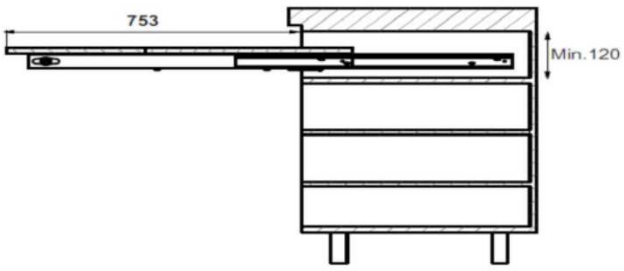

NAXO FOR 410MM TO 1170MM INTERNAL CABINET WIDTH

NAXO is composed of an aluminum slides system that can be installed instead of a drawer and allows to pull out a complete and functional table when needed. Open the front door, pull out the slides, unfold your top and the table is ready. Ideal for 2 people. **NAXO** can also be used to create more space in your kitchen's preparation zone.
