

VERTIKO WALK-IN-CLOSET SYSTEM

*Merging elegance
with functionality.*

*Introducing an aesthetic &
completely customizable
closet solution built with
an aluminum load bearing
structure combined with a
variety of shelf & cabinet
supports.*

*Get ready to build
the closet of your
dreams*

Vertiko:

Your clothes are beautiful! ... They deserve better than being hidden behind doors!

Inspired by the layout of luxury shops, the Vertiko system allows you to make customized wall displays, which will enhance your closet space.

Vertiko is composed of concealed wall profiles that are installed to the original wall and on which are then affixed decorative panels of your choice (19mm / 3/4" thickness). These hidden rack profiles are used to affix: shelves, shelves with wardrobe rods and/or storage cabinets using specially designed metal brackets. All these components offer a unique design flexibility.

With Vertiko, stored items will give the impression of « floating » in the wardrobe space!

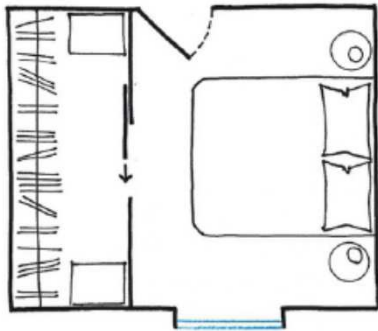

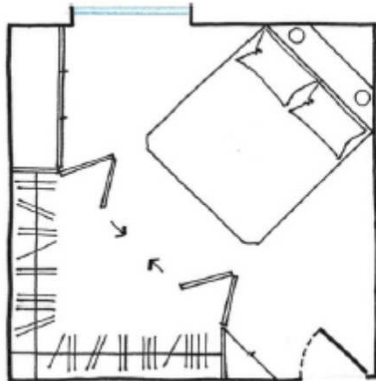

VERTIKO WALK-IN-CLOSET SYSTEM

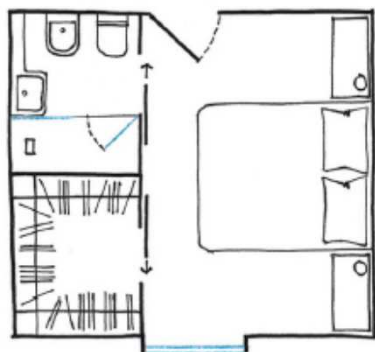

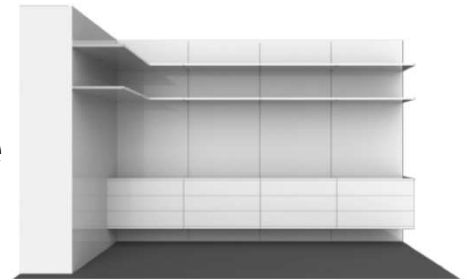

Configuration Options:

Linear

Corner: 90° angle

U-Shape

Configuration principles:

IMPORTANT : Richelieu supply the hardware only, panels and components have to be built by end user.

The setup is divided into 2 parts:

1. "Dressing-up" of the wall with panels
2. Manufacturing and installation of the storage elements:
 - Shelves
 - Shelves with wardrobe rods
 - Storage cabinets

Color of hardware components: Grey.

Color of shelves supports : Grey and dark brown

1. Wall preparation and setup :

Panel dimensions: Thickness = 19mm (3/4"), Max Height = 2438mm (8'), Max Width= 1000mm (39 3/8")

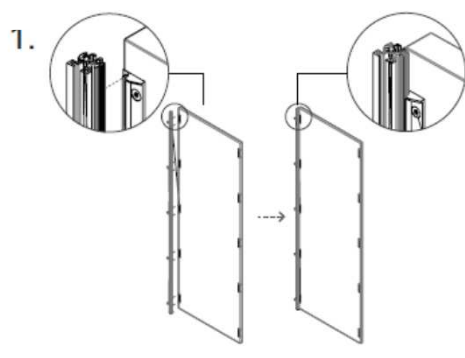

Adding wooden nailing strips

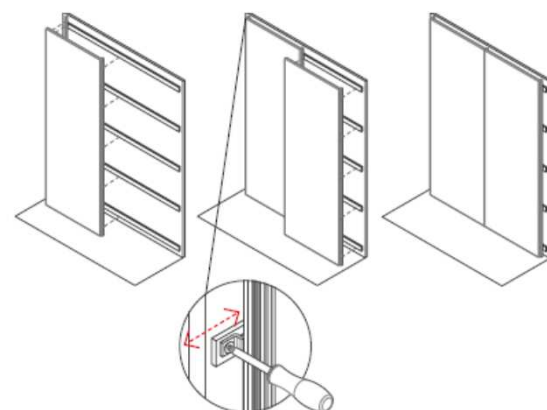

Installation of profiles on wall

Preparation of wall panels with clips

Installation of wall panels onto the profiles and ajustements.

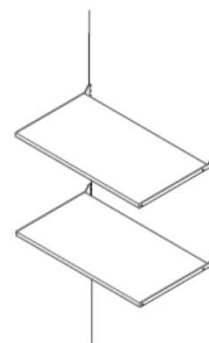

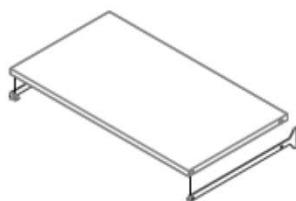

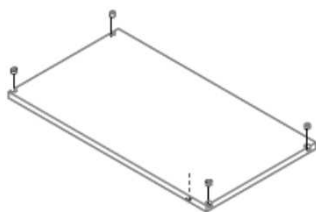

2. Manufacturing and installation of the storage elements

Single or multiple shelves:

Thickness: 19mm (3/4") or 25mm (1")

Depth: 350 or 450mm (13.77" or 17.71")

Max Width.: 1000mm (39 3/8")

**Inclined shoe shelves
supports also available
under the same principle**

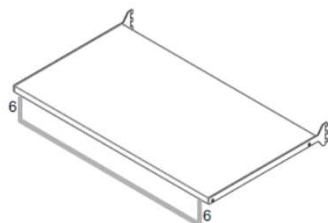

Single or multiple shelves:

Thickness: 19mm (3/4") or 25mm (1")

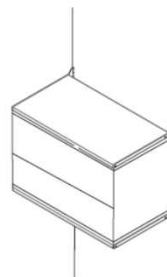

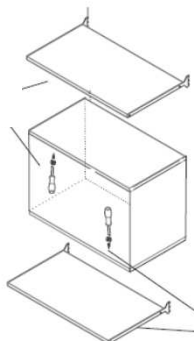

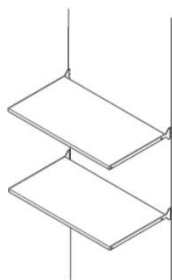

Depth: 350mm (13.77")

Max Width.: 1000mm (39 3/8")

Shelves with closet Rods (fixed from the bottom and through the shelf):

Storage cabinets: See building instructions for measurement guidelines

Consult our building instructions and configurators online.

What to order per application and type of material:

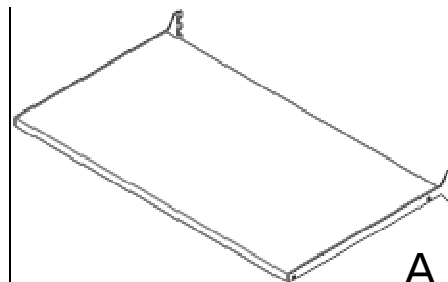

Configuration A: single shelf
