Novelty
Folding cabinet leveler

Folding, height-adjustable cabinet leveler designed to allow quick base cabinet installation.

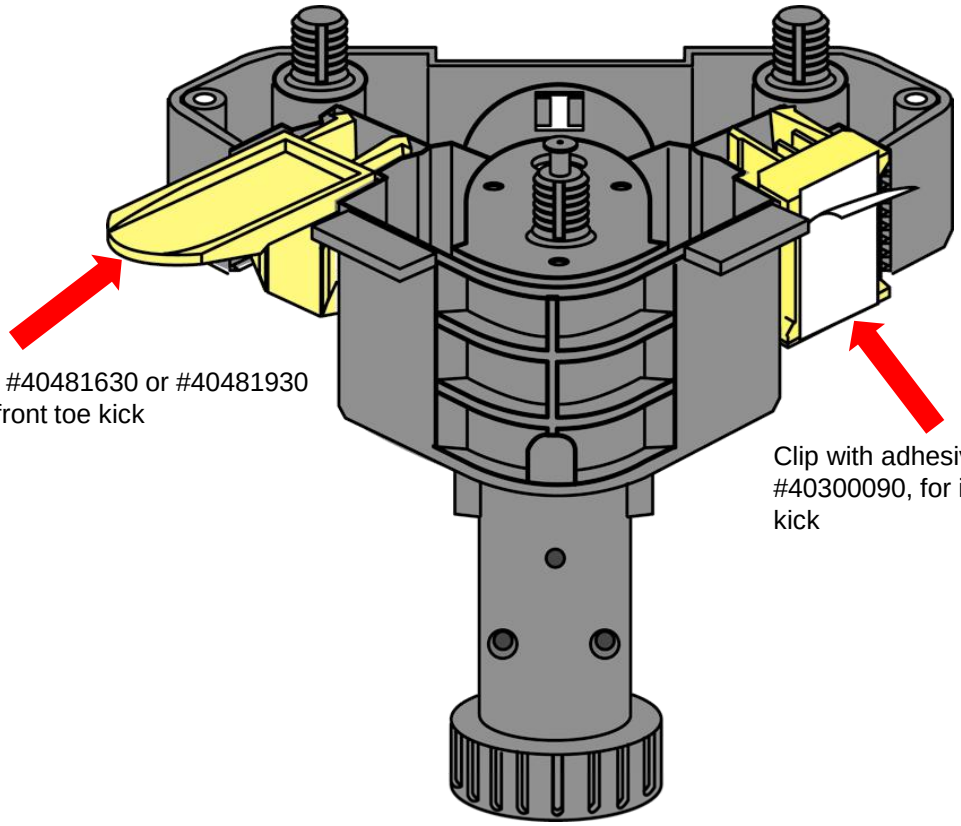

A single leveler for heights from 90 mm (3-1/2”) to 190 mm (7-1/2”)!

Advantages and benefits

- ✓ Comes preassembled, only needing to be attached to your cabinet. it only remains to fix it to the cabinet. You unfold it once in place for the final installation.
- ✓ Made entirely from recycled material.
- ✓ Perfect for base cabinets in kitchens or bathrooms.
- ✓ Strong structure (LGA tested) can support up to 150 kg (330 lb.) per leg.
- ✓ Two triangular heads available: screw-in or with 10 mm Ø dowels.
- ✓ Screw-in head does not require predrilling.
- ✓ Leveler is compatible with 100 mm (3-15/16”) to 150 mm (5-7/8”) heights.
- ✓ With adjustment of -10 mm and +40 mm, leveler can reach a height between 90 mm (3-1/2”) and 140 mm (5-1/2”) when used in a 100 mm application. In a 150 mm (5-7/8”) application, the height can be adjusted from 140 mm (5-1/2”) to 190 mm (7-1/2”).
- ✓ Height adjustment can be made by hand, with a screwdriver on the foot base, or with a screwdriver inside the cabinet.
- ✓ Toe kick panel clips directly to the leveler head.
- ✓ Clips sold separately.
