

DRAWER CABINET LIGHTING

BASKI LED

Control: Built-in Sensor

POWER SUPPLY INSTALLATION: HARDWIRE

- Baski is an LED designed for application in kitchen base units.
- The profile integrates one sensor to switch it on and off automatically when the door is opened and closed.
- It is installed on the side of the frame with thicknesses of 5/8", 23/32", 3/4" (16mm, 18mm, 19mm).
- Available in two finishes: aluminum and black.
- Available in fixed lengths: 18" (457 mm), 24" (609 mm), 30" (762 mm), 36" (914 mm), 48" (1219 mm).
- Includes a pre-wired 78" power cable.
- Extension cables are available in 20", 40" and 78".
- Recommended to only go a distance of 24-ft from the light to the power supply.
