Turn-Motion III
Rotating Cabinet Storage System
2394600906

A *turning point* in your kitchen!

Description

TurnMotion III is a round rotating tray for storing kitchen items in hard-to-reach areas.

Features

- 360-degree rotation.
- Can be retrofitted to all 600mm (24'') wide units on a fixed bottom panel.
- Load bearing capacity of 20kg (44 lbs).
- Trendy anthracite color.
- Anti-slip mat and mounting template included.

Advantages

- Provides a complete view of the cabinet contents.
- Can be installed in a base cabinet or a pantry unit.
- Suitable for any room in the house.
- Anti-slip mat keeps items in place.

Benefits

- Allows access to hard-to-reach items without laborious reaching or the use of a step ladder.
- The trendy anthracite finish will match most kitchen styles
- Enhanced safety thanks to the anti-slip mat and tall side walls to keep items in place when turning the unit.

Applications

- Pantry Unit
- Bottom cabinet
- Any room of the house
