

US

The product is covered by a 5-year warranty against manufacturing defects when registered on our website. Without registration, our standard 3-year warranty applies.

In accordance with the warranty conditions, the manufacturer will remedy, free of charge, any faults attributable to manufacturing or material defects that occur within the warranty period from the date of delivery.

Note!

Deviating warranty conditions may apply. Please refer to the current order confirmation.

For the warranty to remain valid, inspections and maintenance must be carried out in accordance with the instructions. This warranty does not cover the costs of normal maintenance, adjustments, or regular settings in accordance with the instructions. Labor costs for such actions are also not covered by the warranty.

Damage caused by incorrect installation, misuse, or improper use of the equipment will void the warranty. Before warranty work begins, your supplier must be contacted for investigation.

When returning parts, always state the data from the machine label on the shipment, i.e., Type, Serial Number, Year, and describe the operating conditions of the machine.

Do not forget to include the name, address, and telephone number of your contact person.
