

MAGNETIC CATCH

ULTRA-THIN

Enhance your interiors with a magnetic closure system that is both practical and attractive: ultra-thin, invisible, and available in elegant finishes to perfectly match your modern furniture.

Enhance your furniture with our ultra-thin concealed magnetic catch

The ideal solution for a modern, streamlined design. Designed to be assembled on panels as thin as 5/8", this flush latch is only 2.9 mm thick and invisible, ensuring smooth closure without visible magnets. Available in four elegant finishes: white, gray, anthracite, and black.

ADVANTAGES & BENEFITS

- Assembles on panels as thin as 5/8"
- Ultra-thin profile: The flush latch, 2.9 mm thick, is invisible once assembled.
- The set includes an ultra-thin self-adhesive metal plate and a magnetic catch with a capacity of 20 newtons (2kg)
- Modern elegance: minimalist design with no visible magnets.
- Designed to last: robust mechanism suitable for daily use.
- Quick installation: simple assembly, compatible with all types of doors.

APPLICATIONS

- Contemporary furniture
- Bathroom furniture
- Kitchen furniture
- Wardrobes
