Make design dreams a reality

Arborite® presents the Panorama residential collection of stone-inspired high pressure laminates. Developed to deliver stunningly realistic, on-trend stone looks at a fraction of the cost of natural materials, our laminate designs are nonporous, easy-to-clean and stain resistant.

We know you want your home to look great. Every pattern is specifically designed to bring out the beauty of the space it's in. Our offering is carefully curated to be timeless and fresh. You can build your whole space with confidence knowing your Arborite laminate countertops will be the perfect fit.

Made in North America, our laminates are GREENGUARD® Gold certified to help you maintain healthy indoor air quality. Arborite products are also FSC-certified, so you can feel good about installing products that are as good for your style as they are for the planet.

Calm & Cool

Go for a dark soapstone or cool quartzite to give your space that edgy, high-end city vibe. The raw, moody texture adds a bit of drama that makes the whole room feel sharp and instantly sleek. It's the perfect way to make an impact with dramatic patterns that tie the entire look together.

Additional design options

to bring your vision to life

A home reflects the values and functionality of the family that lives there. The Arborite® residential collection was created to provide you with worry-free solutions. Need a remodel but are hesitant to spend your entire budget on a single slab of stone? Longing for a delicate stone look but worried it will stain, scuff and trap contaminants? Tough to stain and easy to maintain, the Arborite collection of stone look laminates adds beauty to kitchens, bathrooms and laundry rooms of all sizes and budgets. The subtle patterns infuse spaces with style, while the neutral palettes play well with any décor.
