MAGY
MAGNETIC LIGHTING 24V

Designed to illuminate with precision.

Where precision meets elegance.

The MAGY lighting collection includes micro spotlights and LED profiles designed for discreet, flexible, and efficient interior lighting.

Featuring 1W micro spotlights and the MAGY PLUS micro LED profile, the system delivers precise, uniform light distribution.

Designed for seamless integration with the MAGY electrified track, it offers fast, tool-free installation and easy repositioning.

A clean, modern lighting solution designed to elevate every space.
