

Turn your messy undersink area into a full-service recycling center!

Description

TANDEM is a dark grey bottom-mount wastebin designed for undersink cabinets with hinged doors.

Features

- Bottom-mounted and optimally sized for undersink cabinets.
- For kitchen cabinets from 400mm (16") to 900mm (35") width.
- Removable inner bin of 28 liters (29.4Qt) each.
- Trendy dark grey color

Advantages

- Fits perfectly in most undersink kitchen cabinets.
- Easy to install on cabinet base with a few screws.
- Each bin features folding handles that act as bag holders.
- Presents the entire bin surface when opened.
- Inner plastic lid covers the entire bin surface when closed to prevent unpleasant odors.

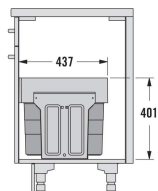

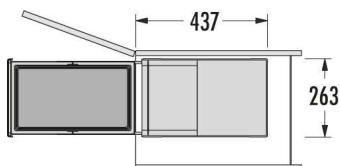

Applications

- Undersink cabinet in a kitchen (with hinged door).
- Base cabinet in a kitchen
- Any room in the house (laundry, bathroom, etc.)

Benefits

- Helps make the most out of your undersink cabinet.
- Maintains a clean-smelling kitchen
- Full bin opening allows you to quickly and easily dispose of waste without dirtying the lid or frame.
- The waste bag no longer falls off the edges when loading the bin thanks to the folding bag holders.
- Makes bag changeovers quick and easy.
