15 Series Electric Strike / Door Release

15 Series Electric Door Strike

The SDC 15 Series Electric Strike is a Centerline Latch Entry* strike designed for use with Cylindrical lockset with up to ¾" (19mm)) throw latchbolts. The 15 series electric strikes incorporates all stainless steel deadlocking mechanism and an internally mounted solenoid.

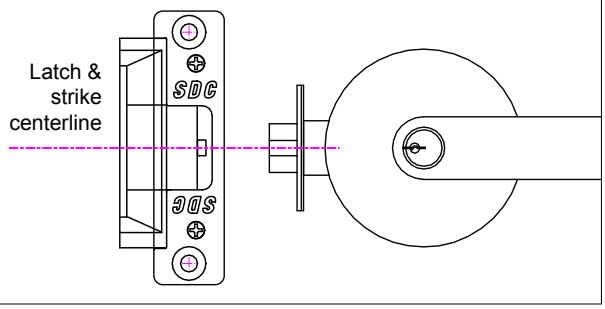

***Centerline Latch Entry:** The latch must enter at the strike "Centerline" located exactly between the top and bottom of the strike faceplate. Refer to strike installation instructions and template to determine strike location prior to frame preparation for New and Retrofit installations. See SDC strike template and installation instructions for both retrofit and new installation details.

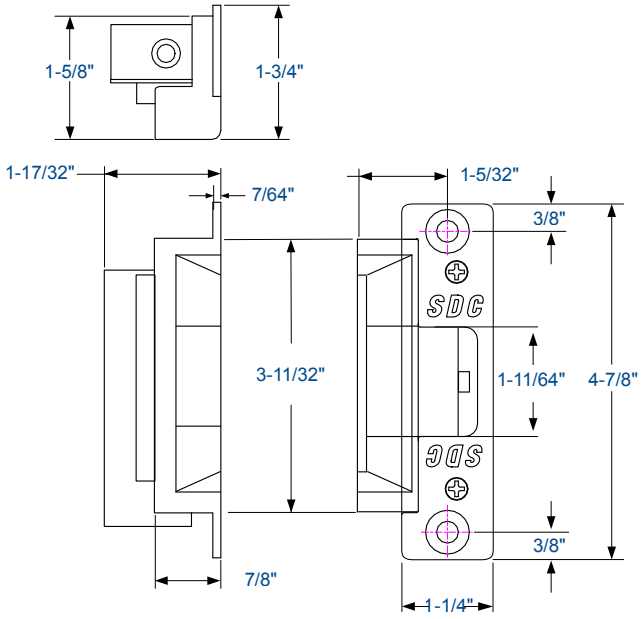

Screw terminal connections

CYLINDRICAL LOCK

15 SERIES DIMENSIONS
