Low Voltage Transformers

Plug In Types and Rectifiers

Wireless Chimes
Wireless Controllers
Alarms & Switches
Door Chimes, & Bells
Low V. Transformers
Push Buttons

For electric strikes, bells, buzzers, chimes, and other low voltage devices. A com down transformers. Easy to install, low voltage, 120AC primary for residential, co Transformers will safely take themselves off line when they overheat. Transform attached to standard knockouts on boxes or cabinets (except plug-in types). All p quick connection.

522 -- Locknut Type Transformer (AC)

- For standard 1/2” knockouts
- 120 volt primary AC
- 2-5/32”D x 2-1/2”H x 2”W 8oz
- **Electric Characteristics: 16VAC -- 10VA -- 0.625 AMPS**

525 -- Clamp On Type/ Tri Volt (AC)

- Equipped with convenient screw-bracket mounting clamp for standard 1/2” knockouts
- 120 volt primary AC
- 2-1/4”D x 2-3/16”H x 2-5/16”W 13oz
- **Electric Characteristics:**
  - **8VAC -- 10VA -- 1.25 AMPS**
  - **16VAC -- 10VA -- 0.62 AMPS**
  - **24VAC -- 20VA -- 0.83 AMPS**

598 -- Clamp On Type/ Tri Volt (AC)

- Equipped with convenient screw-bracket mounting clamp for standard 1/2” knockouts
- 120 volt primary AC

- 2-15/16”D x 2-7/32”H x 2-11/32”W 1lb 6oz
- **Electric Characteristics:**
  - **8VAC -- 20VA -- 2.50 AMPS**
  - **16VAC -- 30VA -- 1.88 AMPS**
  - **24VAC -- 30VA -- 1.25 AMPS**

599 -- Clamp On Type (AC)

- Equipped with convenient screw-bracket mounting clamp for standard 1/2” knockouts
- 120 volt primary AC
- 2-15/16”D x 2-3/16”H x 2-11/32”W 1lb 6oz
- **Electric Characteristics:**
  - **24VAC -- 40VA -- 1.65 AMPS**

5201 -- Plug In Type Transformer (AC)

- 120 volt primary AC
- 2”D x 3”H x 2-1/2”W 7oz
- **Electric Characteristics:**
  - **24VAC -- 20VA -- 0.834 AMPS**

5203 -- Plug In Type Transformer (AC)

- 120 volt primary AC
- 2”D x 3”H x 2-1/2”W 7oz
- **Electric Characteristics:**
  - **16VAC -- 20VA -- 1.250 AMPS**

5204 -- Plug In Type Transformer (AC)

- 120 volt primary AC
