Raising the Bar of Excellence!

# inner strength, redefined

When it comes to strength and durability, SARGENT continues to set new standards with the NEW 8200 Mortise Lock. It's the strongest lock on the block!

The 8200 far surpasses ANSI/BHMA Grade 1 standards – making it the strongest and most durable mortise lock in the industry.

## The New SARGENT® 8200 Mortise Lock

The most complete line of mortise locks in the industry.

### STRENGTH

– Far exceeds Detention Requirements for Impact
- Level 1 with deadbolt
- Level 3 with latchbolt only

– Cycle Test - Exceeds 6 million cycles and still counting!

### MULTI-FUNCTIONALITY

- Complete line of lockbodies offering 58 functions
- 9 functions accomplished with one lockbody
- Functions easily changed without opening the lock case

### EASY TO INSTALL

- Engineered for intuitive installation
- Pre-assembled components make installation fool-proof
- Installation time – reduced by up to 40%

Strength, durability, multi-functionality and intuitive installation.
Redefined by SARGENT's NEW 8200.

ASSA ABLOY

## Raising the Bar of Excellence!

# The New SARGENT® 8200 Mortise Lock

The most complete line of mortise locks in the industry.

### STRENGTH

- 30 – 50 times stronger than other ANSI/BHMA Security Grade 1 commercial mortise locks
  - Cycle tests to 6X BHMA Grade 1 specifications - 6 million cycles and still counting!
- Exceeds Detention Requirements Impact Level 1 for deadbolt functions - over 900 blows!
  - Exceeds Detention Impact Level 3 for latchbolt only function - nearly 300 blows!

### FUNCTIONALITY & FLEXIBILITY

- Multiple-function lockbodies make the 8200 more versatile for large institutions to stock
- 1 lockbody accommodates 9 different functions
- Lock is easily re-handed without opening the lock case
- 12 standard architectural grade finishes, including new US15 satin nickel
- 18 new functions for a total of 58 functions

### EASY, INTUITIVE INSTALLATION

- Installation time reduced by up to 40%!
- Pictorial instruction sheets
- Pre-assembled components make installation literally fool-proof

### 8200 FEATURES

- New lock easily differentiated from previous versions – latch anti-friction pad is now black
- Interchangeable features with the previous version include: Trim, templates and door prep
- 1" throw-hardened stainless steel deadbolt
- Strengthened cylinder retainer provides 2 times the resistance against vandalism and unauthorized entry
- One-piece latchbolt head has 1/3 more contact surface providing increased strength
- Patent pending
- 10 year warranty

### APPLICATIONS

- Schools
- Commercial campuses
- Colleges
- Detention centers
- Dormitories
- Hospitals
- Warehouses
- Psychiatric wards
  - Any high abuse applications that demand the strongest lock on the block!
