AC Nio

Management Software for the AC Series

DESCRIPTION

AC Nio is management software for the AC Series access control system. It is used to program a system and manage everyday functionality. There are two license options available to accommodate different applications.

The Essential license can manage a system of up to 40 doors and cameras. It can be installed on a local server PC or on the AC-HOST embedded server.

The Small Business license can manage up to 80 doors and cameras, as well as elevators and unmanaged doors. This license allows up to five partitions and also supports Lightweight Directory Access Protocol (LDAP) integration.

LICENSE FEATURES	Essential License AC-NIO-ESS1 AC-NIO-ESS5	Small Business License AC-NIO-SB1 AC-NIO-SB5
Doors	40	80
Cameras	40	80
Partitions	1	5
LDAP	No	Yes
