Sealed Lead Acid Battery

Lead Acid Batteries provide battery back up when used with linear, switching, or EcoPower power supplies, ensuring continued operation of access control devices when the AC source power is compromised.

- Batteries are not covered under warranty

BR-4 Bridge Rectifier

Converts AC input to full wave rectified DC output with a maximum 4 A output capacity.

- MagnaCare® lifetime replacement, no-fault, no questions asked warranty

CCB-8 Control Board

Eight (8)-output power distribution board splits a BPS primary output into eight (8), Class 2 power-limited outputs protected by 2 A polyswitch breakers.

- Slide switches connect or disconnect load from power
- LEDs indicate power status for each output zone
- Compatible with all BPS models larger than 2 A output
- MagnaCare lifetime replacement, no-fault, no questions asked warranty

CKL Cabinet Key Lock

Fits the standard knockout on all power supply enclosures to protect against tampering and unauthorized access. Includes two (2) keys.

- MagnaCare lifetime replacement, no-fault, no questions asked warranty
