EZ Series Keypad Locks

Versatile keyless entry.

BEST's EZ Series keypad locks—available in cylindrical, mortise, and exit trim versions with trim and finish options aligned with BEST 9K and 40H devices—offer a simply managed key replacement solution. With the heavy-duty mechanical platform and tough security features you expect from BEST, the Keypad EZ Series delivers quality and performance as well as simplified management. Keypad EZ Series locks work with up to fifty unique credentials and allow manager control for varied access rights.

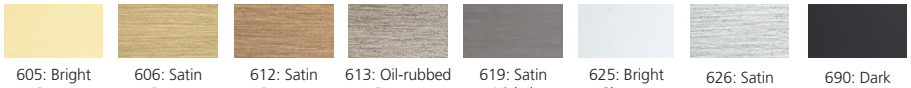

Heavy-duty keyless solutions.

The EZ Series combines BEST's reliable mechanical platform with security and design features for high security even on lower use doors. Simple to manage for fifty or fewer codes, but reliable and durable, the EZ Series delivers excellent keyless solutions.

Features

BEST EZ Series

- **Easy to manage.** Each EZ Series lock allows up to fifty unique credentials, easily managed with different rights and access parameters.
- **Durable quality.** Manufactured from top materials, Keyless EZ Series locks are weather-resistant, and designed for long-lasting functionality.
- **Remote access features.** Use the override switch to wire a pushbutton to unlock the door.
- **Enhanced privacy.** The mortise deadbolt allows for a privacy feature that controls access when the deadbolt is thrown.
- **Versatile function.** Keyless EZ Series locks are available in cylindrical, mortise, and exit trim versions.
- **Complementary aesthetic.** Choose trim and finish options to match BEST's popular 9K and 40H locks for a consistent look.

BEST EZ Series keypad locks deliver high quality, keyless convenience, and reliable performance.
