Price book 14 addendum for new B Series Indication Trim

The new indicator trim for Schlage Grade 1 B600 and Grade 2 B500 Series deadbolt locks will begin manufacturing on April 1, 2024. As new offerings there is no impact to existing product listings or prices shown in price book 14 which also goes into effect March 1. The new lock status indication trim is radically different than any deadbolt trim in the marketplace and is available on most B Series functions.

- Can be ordered with single- or dual-sided messaging
- Window size is unmatched in the market using an escutcheon style trim to allow the message to run the full width of the lock at a height of .45” for maximum visibility
- B Series now offers the only OEM Grade 1, keyed deadbolt indication options
- It can be installed using the same standard door prep as any B Series lock
- Trim is available on five B600 functions and six B500 functions
- Fits 1-3/4 to 1-7/8” doors

Available on these functions

Non-keyed functions			Keyed functions	
		**Other:**		**Other:** B660 B561 | B661 B562 | B662 B563 | B663
