AIPHONE®

## Enterprise-Level Security Intercom Solutions for

# CAMPUS-WIDE SAFETY

## Building-to-Building

**Security | Communication | Monitoring**

***Great for all campus types and sizes!***

College · Corporate · Hospital
Housing · Industrial · Parking

**You can depend on Aiphone** to improve your campus security and communication systems. For over 45 years, we have provided a wide variety of easy-to-use, practical, and flexible solutions. Take the proactive approach to reduce random violence and theft by installing Aiphone. Whether you choose a simple door answering intercom or an enterprise-level communication system, you can rely on us **to help your campus feel safer.**

## Door Stations for Entrances

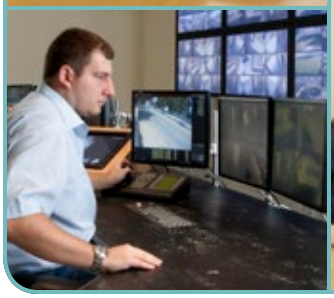

Prevent dangerous individuals from getting inside any building across your campus. Keep entrances locked while visitors and vendors use door stations to request access.

***Did you know Aiphone door stations are available in a variety of different styles?***

- **Embedded card readers**
  - *Integrates with a card access system*
  - *Convenient for personnel/students*
- **Indoor and outdoor use**
  - *Door stations can withstand exterior conditions*
  - *Vandal resistant options are ideal for areas prone to getting damage*
- **IP Addressable and PoE compliant**
  - *Select an IP solution to install door stations across your entire campus*

## Master Stations for Offices & Control Centers

Use master stations to identify visitors, speak with them to determine their intent, and verify their location before unlocking the door.

***Did you know Aiphone master stations provide more than video identification?***

- **Dedicated security system**
  - *Keep dispatch/phone lines open and use Aiphone intercoms as a secondary communication path*
- **Communication and paging**
  - *Personnel can reach one another in an instant or relay announcements/emergencies throughout all connected buildings*
- **Video and audio monitoring**
  - *Maintain a secure campus by monitoring any location where door/call stations are installed*

***Install Aiphone anywhere entry security or communication is needed!***

*Entrances · Lobbies · Offices · Suites · Classrooms · Front Desks · Security Control Centers*

*Break Rooms · Common Areas · Dorms · Parking Garages · Remote Locations · AND MORE!*

## Multi-Tenant Stations for Student Housing

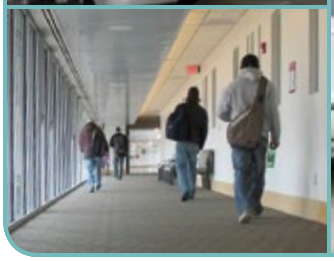

Provide a reliable entry security system for staff and students living in dormitories or school housing apartments.

***Did you know Aiphone multi-tenant stations are an added layer of security for student residents?***

- **Large system capacity**
  - *16 entrance stations, 4 front desk stations, and 500 resident stations can connect in one system*
- **Wide variety of stations**
  - *Mix and match between styles to accommodate your security and budget needs*
- **Alarm buttons and call screening**
  - *Residents can alert staff in case of an emergency*
  - *Calls can be screened via the front desk station before reaching residents*

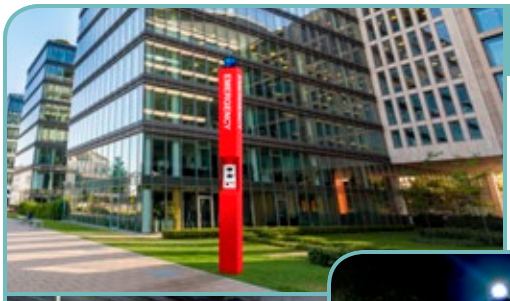

## Call & Speaker Stations for Remote Areas

Equip your campus with call and speaker stations in areas like hallways, parking garages, stairwells, or other remote locations.

***Did you know Aiphone call and speaker stations are an efficient way to communicate?***

- **Call stations**
  - *Personnel or students can immediately call for assistance*
  - *Great for loading docks, service areas, garage entrances, etc.*
- **Amplified speakers**
  - *Crisp and audible in noisy environments where louder amplification is needed*
  - *Entire campus can be notified of general announcements or alerted of potential threats*
  - *Depending on the system, routine class/shift changes can be scheduled*

## Emergency Stations for Large Campuses

Reduce the risk of harm to anyone on campus by installing emergency stations, wall boxes, and towers throughout your facility.

***Did you know Aiphone emergency stations are a means to notify security of distress and your location?***

- **Call stations**
  - *ADA compliant lettering and Braille signage*
  - *Use as a stand-alone station or mount to wall boxes/towers*
- **Wall boxes**
  - *ADA compliant mounting height and proper signage*
  - *For parking garages, stairwells, or other secluded locations where trouble might be lurking*
- **Modular towers**
  - *Deters prowlers with highly visible beacon/strobe*

***Our intercoms also fit these applications ▶***

*Warehouses*

*Factories*

*Terminals*

## Suggested Systems

### Campus Security Video Intercom with Mobile Device App (IX Series)

Use an infinite number of door, emergency, and master stations (with proper configuration)

***Download the App!***
*The IX Mobile app is available on Google Play™ and the App Store.℠ Google Play is a trademark of Google Inc., and the App Store is a service mark of Apple Inc. Mobile devices not included.*

### Campus Security Video Intercom (IS Series)

Use up to 20 door / sub / emergency stations, 20 master stations, and 120 room stations

***Need a larger capacity?***
*No problem! The IS Series can scale to over 5,000+ stations when using the optional IP devices.*

### Multi-Tenant Dormitory Video Intercom (GT Series)

Use up to 16 entrance stations, 4 front desk stations, and 500 resident stations

***Both direct select and digital scroll stations are available!***
*If exceeding 24 resident stations, Aiphone recommends using the digital scroll option.*
