4900 Series Deadlatch - Faceplate Additions

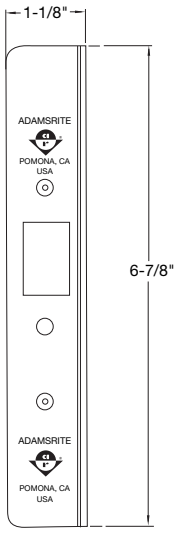

www.adamsrite.com

SW08001	06-13-2008

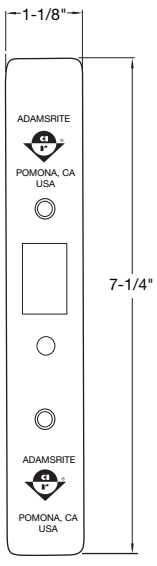

For many years, aluminum entrance manufacturers Kawneer and Tubelite have purchased MS deadbolts and installed them with their own custom-sized faceplate. While the standard MS preparation is 1" x 6-7/8", Kawneer uses a 1-1/8" X 6-7/8" faceplate (in pairs only) and Tubelite a 1-1/8" x 7-1/4". This creates a challenge when retrofitting a 4900 Series Deadlatch into these doors.

The kits listed below include a 4900 faceplate dimensioned to cover these non-standard preparations.

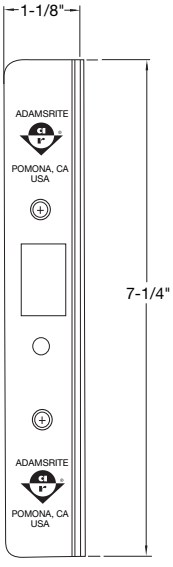

Description - Kawneer Faceplates	**Dimension**	**Part number**
Bronze Faceplate Radius with weatherstrip	1-1/8" x 6-7/8"	24-0140-313
Aluminum Faceplate Radius with weatherstrip	1-1/8" x 6-7/8"	24-0140-628
Description - Tubelite Faceplates		
Bronze Faceplate – Flat or Beveled Doors	1-1/8" x 7-1/4"	24-0144-01-313
Black Faceplate – Flat or Beveled Doors	1-1/8" x 7-1/4"	24-0144-01-335
Aluminum Faceplate – Flat or Beveled Doors	1-1/8" x 7-1/4"	24-0144-01-628
Bronze Faceplate – Radius with weatherstrip	1-1/8" x 7-1/4"	24-0144-03-313
Black Faceplate with – Radius with weatherstrip	1-1/8" x 7-1/4"	24-0144-03-335
Aluminum Faceplate – Radius with weatherstrip	1-1/8" x 7-1/4"	24-0144-03-628
