RS210 and RS310 Rim Strikes

Surface mounted strike for rim exit devices

The RS210 and RS310 will replace the RS200 and RS300 effective January 3, 2023.

The new products deliver the same functionality with a stiffer cover for enhanced performance and concealed mounting holes for cleaner surface aesthetics.

The RS Series of surface mounted electric rim strikes are designed with endurance and flexibility. Models are available to accommodate rim exit devices with a 1/2" or 3/4" throw pullman latch bolt with multiple spacers included for superior installation.

Features and benefits

- Simple and easy field selectable fail-safe/fail-secure, non-fire rated models
- Field selectable 12/24 VDC
- US32D or US10B finish available
- RS210 series accepts 1/2" throw Pullman latch bolt
- RS310 series accepts 3/4" throw Pullman latch bolt
- UL1034, UL294 (indoor)
- UL10C Fire rated version available on RS310-F model
- Static strength of 1500 lb. static load, UL certified
- Dynamic strength of 70 ft.-lb. dynamic load, UL certified
- 250,000 cycles, UL certified

The RS210 and RS310 will replace the RS200 and RS300 effective January 3, 2023.

The new products deliver the same functionality with a stiffer cover for enhanced performance and concealed mounting holes for cleaner surface aesthetics.

How are they similar?

- Same functionality
- Same list pricing as the RS200 and RS300
- Same mounting template
- Same dimensions

How are they different?

- New cover is more robust for improved performance
- New cover design with 4 side screws eliminates the front facing screws for cleaner surface aesthetics
- New part numbers
- New UPC's
