

Upgrade any glass door's mechanical lock to a keyless Trilogy® ID-card or PIN-code access system for 1/3rd of the cost of a wired system

- Give electronic keyless access to up to 2000 users or ID cardholders—add them right at the door with just your fingertip
- Uses the same ID cards and gives the functions of a wired PC-based access system: Set free-passage mode or automatic-lock/ unlock times by real time schedule; get door-use reports by user, date, time, even to your PC
- Ideal for any office, medical, retail, law, government office with an interior or exterior glass/ aluminum door
- Standalone Trilogy is long-life battery operated & easily retrofits over existing mechanical Adams Rite latches/deadbolts
- Code-only economy models, too. *Plus, coming soon ET-model, for use with panic bars from Von Duprin, Dor-o-Matic, Jackson, DCI, etc.*
