Olympian Series: Crossbar Exit Device

Traditional aesthetics. Proven durability.

The Olympian Series combines architectural appeal with the strength and reliability you expect from PRECISION. These heavy-duty, BHMA A156.3 Grade 1, crossbar-style exit devices are ideal for glass door, existing crossbar, and historical applications where aesthetics are equally important with security and performance. Top-grade materials and architectural finishes ensure the beauty and durability of PRECISION's Olympian Series Exit Devices.

Combining aesthetics with performance.

The Olympian Series incorporates reliable security and durability with a pleasing aesthetic compatible with any setting.
