("dormakaba USA"), except for those products as set forth under separate Value Added Reseller Agreements. The acceptance of any order is expressly made conditional upon your assent to these Terms and Conditions of Sale.

PRICES: dormakaba USA reserves the right, in its sole discretion, to change or amend its price list (including, but not limited to, adding or removing Products from the price list), and standard terms and conditions of sale as contained in its catalogs, price list or published sales policies, without incurring any liability whatsoever to its Customer or others. All orders will be filled at the List Price in effect at the time of order placement. All prices are subject to change without notice and are not guaranteed.

TAXES: List prices do not include federal, state or local taxes.

ORDERS: No order for Products shall be deemed to have been accepted by dormakaba USA until written notice of its acceptance is received by the Customer from dormakaba USA via an order acknowledgement. dormakaba USA reserves the right, in its sole discretion, to decline to accept any order. Purchase Orders will bind dormakaba USA only to the extent accepted by dormakaba USA's written confirmation or delivery.

dormakaba USA will attempt to fill orders in the order in which they are received, subject to prior orders. However, dormakaba USA reserves the right to allocate orders or fill an order or orders ahead of prior orders, if, in its judgment, the facts warrant such a change.

Any additional provisions in a Purchase Order, including any pre-printed terms, shall be void and not binding on dormakaba USA, unless expressly accepted by dormakaba USA. For greater certainty, the acceptance by dormakaba USA of a Purchase Order shall not be deemed acceptance of the additional terms of such Purchase Order.

dormakaba USA will accept orders via phone, email, fax or courier. dormakaba USA will send out an order acknowledgement for all orders received via email, phone or fax.

NOTE: Receipt or possession of this price catalog does not grant approval to quote or purchase products. Please contact your dormakaba USA Sales Representative for further details.

KEYING SYSTEM ORDERS: All orders of keying systems specifying delayed fulfillment must be fulfilled within twelve (12) months of the order date. Said request for fulfillment must include complete keying instructions for the order to be acknowledged with an estimated delivery date. Failure to properly request fulfillment of the order within twelve (12) months of the order date will make the order void and nonrefundable.

SPECIAL ORDERS: Any modification to a standard product configuration is considered a special order. No credits will be issued for returned special orders unless authorized by dormakaba USA Customer Service.

INCOMPLETE ORDERS: An incomplete order is one that is not fully specified according to the appropriate nomenclature required for that product. Any incomplete order will not be entered and will be referred to the appropriate dormakaba USA Sales Representative for resolution.

BEST MASTERKEY CODE AND MASTERKEY SERVICE POLICY

I. DISTRIBUTOR MASTERKEY SERVICES

All dormakaba USA Inc. ("dormakaba USA") Authorized Distributors, Aftermarket Wholesalers, and Locksmiths ("Authorized Distributors") can create, modify or extend masterkey codes for the benefit of their end user customers ("End Users") for Best non-patented masterkey systems; provided, however, the services must be performed in line with industry standards. With the express written permission of dormakaba USA, select Authorized Distributors can create, modify or extend masterkey codes for the benefit of End Users for a Best Patented Masterkey System (pursuant to the terms and conditions of Section C below). Authorized Distributor's failure to comply with the terms of this policy could result in dormakaba USA's termination of its Distributor Agreement as well as dormakaba USA's pursuit of any remedies available at law.

A. END USER INFORMATION AND CODE RELEASE:

All masterkey codes (both patented and non-patented) previously generated by dormakaba USA are available for distribution to End Users (and/or their designated Authorized Distributor, if applicable) via the End User Web Portal at <http://masterkeycodeportal.bestaccess.com/Login.aspx>. For a hard copy of the End User Information and Code Release Form, please contact your dormakaba USA End User Consultant. End user codes will be distributed solely to those Authorized Distributors (a) identified by the End User on a fully executed End User Information and Code Release Form received by Best, and (b) for the release of Best Patented Masterkey Codes, the Authorized Distributor is authorized by dormakaba USA to receive and process Best Patented Masterkey Codes (as more fully described in Section C below.) No exceptions will be made to this policy.

B. BEST NON-PATENTED MASTERKEY SYSTEM

As of September 4, 2012, dormakaba USA no longer requires a Security Authorization Form to be signed by the End User prior to dormakaba USA and/or its Authorized Distributor accepting core and key orders for non-patented keying systems. All valid End User communications for orders related to non-patented keying systems will be fulfilled at the End User's liability.

C. BEST PATENTED MASTERKEY SYSTEM

The Best Patented Masterkey System provides a higher level of protection against unauthorized key duplication and crossovers and, in order to maintain the quality of a Best Patented Masterkey System, the following terms and conditions of this policy shall apply to any and all Authorized Distributors with access to Best Patented Masterkey Systems. For the purpose of this policy, "Best Patented Product" shall mean the Best Cormax (including cores and keys), as well as any and all future product dormakaba USA designates as patented product for the purpose of this policy. "Best Patented Masterkey Systems" and "Best Patented Masterkey Codes" shall mean the respective masterkey system or codes of any Best Patented Masterkey Product.

Sale of Best Patented Product: As further described in this Section C, only those Authorized Distributors meeting certain necessary qualifications and standards shall be selected by dormakaba USA to sell Best Patented Product. Selection shall be

at the sole discretion of dormakaba USA and shall be evidenced in writing via the Distributor Agreement or its select addendums.

Best Patented Security Authorization Form: It is a responsibility of the Authorized Distributor to ensure that Best Patented Product does not end up in the possession of unauthorized individuals or entities. The Authorized Distributor must ensure that the End User completes a Best Patented Masterkey System Security Authorization Form (the "Security Authorization Form") as outlined in this Section C. The Security Authorization Form designates those individuals within the End User's organization that are authorized to place orders with the Authorized Distributor for Best Patented Product. The Security Authorization Form must be completed and signed by the End User.

It is the Authorized Distributor's full responsibility to validate the End User's signature as identified on the Security Authorization Form prior to accepting any orders for Best Patented Product.

In certain circumstances the Authorized Distributor selling the Best Patented Product will not contract directly with the End User. In these circumstances, the Authorized Distributor is required to work with its reseller to ultimately ensure that the End User submits a signed Security Authorization Form to dormakaba USA.

dormakaba USA shall have the right to audit all Security Authorization Forms maintained by the Authorized Distributors for completeness, accuracy and compliance with this Policy.

Sale of Combined Best Patented Product through Distributor: dormakaba USA may authorize select Authorized Distributor to purchase and resell to an End User Best Patented Product that has been combined by dormakaba USA Personnel. In this instance, a Security Authorization Form must be completed and signed by the End User and provided by the Authorized Distributor to dormakaba USA with each Best Patented Product order.

Stocking of Best Patented Product: dormakaba USA may authorize select Authorized Distributors to purchase and stock Best Patented Product and have access to Best Patented Masterkey Codes by entering into a Best Patented Masterkey System Distributor Agreement Addendum (the "Authorized Stocking Distributor") As a condition to the Authorized Stocking Distributor's continued access to Best Patented Masterkey Codes, it must comply at all times with the Best Patented Key Systems Security Procedure. In addition, it is the responsibility of the Authorized Stocking Distributor to ensure that they have a completed Security Authorization Form on file for each End User that places an order with the Authorized Stocking Distributor for Best Patented product and that the Authorized Stocking Distributor authenticates the signature of each Best Patented Product order utilizing the Security Authorization Form.

ELECTRIFIED OPTIONS (CONSULT FACTORY FOR LEAD TIMES)

QED 100 Series

Model #	Description	List Price Adder
QED__LR	Electrified Latch Retraction (LR) allows for the remote unlatching of exit devices. Continuous duty solenoids retract latches momentarily or for extended periods of time. Requires the use of power supply 8Q00312 or 8Q00313.	938.00
QED__ED	Electrified Dogging (ED) allows continuous latch retraction and dogging simultaneously. ED requires first time mechanical activation after which the push bar will continuously hold the push bar and latch retracted. When power is removed or interrupted from the device, the latch bolt will extend and push bar will release. Uses power supply 8Q00314 (on page 50)	809.00
QED __X	Request to Exit (X) is an SPDT (Single Pole Double Throw) switch which monitors the push bar of the exit device. The X switch can be used to activate a door alarm, control a magnetic locking device, shunt a door alarm or signal a control console when the push bar is depressed.	301.00
QED__LRX	Electrified Latch Retraction (LR) device with a Request to Exit (X) switch. Requires the use of power supply 8Q00312 or 8Q00313.	1164.00
QED__EDX	Electrified Dogging (ED) device with a Request to Exit (X) switch. Uses power supply 8Q00314 (on page 50)	1037.00
