Terms and Conditions of Sale

1. Sale. As used herein, the term "Seller" shall mean TownSteel Incorporated and "Buyer" shall mean the party issuing a purchase order for or otherwise acquiring goods to be supplied by Seller. The Terms and Conditions of Sale contained herein shall apply to all quotations made and purchase orders entered by Seller. These Terms and Conditions of Sale constitute an offer by Seller to sell products (the "Products") pursuant to the terms and conditions stated herein. THIS OFFER IS EXPRESSLY CONDITIONED ON ACCEPTANCE WITHOUT ADDITION OR ALTERATION. SELLER HEREBY PROVIDES NOTICE THAT IT OBJECTS TO ANY ADDITIONAL OR DIFFERENT TERMS PROPOSED IN ANY INSTRUMENT REQUESTING OR CONFIRMING THIS OFFER OF SALE BY OR ON BEHALF OF BUYER. These Terms and Conditions supersede any provisions, terms and conditions contained on any confirmation, purchase order or other writing the Buyer may give or receive, and the rights of the parties shall be governed exclusively by these Terms and Conditions. No contrary, additional, or different provisions, terms or conditions shall be binding on the seller. All orders placed by Buyer are subject to acceptance by Seller. Orders may not be canceled or rescheduled without Seller's written consent. All orders must identify the products, unit quantities, part numbers, applicable prices and requested delivery dates of the Products being purchased.

2. Prices; Payment; Setoff. Unless otherwise provided in writing by Seller, all prices quoted (i) are F.O.B. Seller's facility in City of Industry, California, or other location specified by Seller; (ii) are based on the quantities specified for delivery; (iii) shall automatically expire sixty (60) calendar days following the quotation date; and (iv) are subject to termination by Seller within such period. Such prices are subject to increase by Seller for (i) any order change made by Buyer and approved by Seller, (ii) with respect to multiple orders pursuant to a single purchase order, for any order confirmed after a general price increase made by Seller, and (iii) orders requiring special inspection, special packaging, handling and/or certification. In addition, unless otherwise provided in a written quotation or invoice, payment terms shall be Net 30 days or whatever approved by seller and interest shall accrue on all past due invoice amounts at the rate of 1.5% per month (or the maximum amount permitted by applicable law, whichever is lower), and be calculated starting from the fifteenth (15) day of invoice due date. Failure to timely pay any Seller invoice shall cause all subsequent invoices to become immediately due and payable. Seller may set off any amount due from Buyer, whether or not under this agreement, against any amount which may become due to Buyer hereunder. In the event of default by Buyer, Seller shall be entitled to costs, fees, and expenses, including but not limited to recovery of attorney fees, court costs and fees, and collections costs.

3. Shipment; Risk of Loss; Title. Unless otherwise agreed to in writing by the parties, deliveries of the goods shall be F.O.B. For order less than $300, a $30 processing charge will be added. Seller shall use its reasonable efforts to place the goods in the possession of a carrier and to make a contract for their transportation as may be reasonable, having regard for the nature of the goods and generally accepted commercial standards. Buyer shall be responsible for and pay all expenses paid or incurred by Seller in delivering the goods. Buyer shall be responsible for insuring the goods during shipment. Risk of loss of the goods shall pass to Buyer at the time the goods are tendered to such carrier. Seller is not responsible for any items lost or damaged during the course of shipment. Buyer is responsible for inspection of the shipment(s) for damages before signing for shipment. Buyer is to note of any visible damage on the delivery ticket on the copy to the Carrier and contact both the Carrier and Seller immediately.

4. Acceptance; Adjustments. All Products sold by Seller hereunder shall be deemed correct and acceptable by Buyer unless within ten (10) days following Buyer's receipt of the Product, Buyer notifies Seller in writing of any claim that such Products are damaged or defective. Any claims for shortages or invoice discrepancies must be made to Seller in writing within ten (10) days following the invoice date to qualify for an adjustment. Claims for loss or damage because of shipment must include a copy of the delivery receipt that lists such damage, signed by the delivery driver. The Buyer must give notice of any claim within 10 days from the date of delivery. Failure to meet the 10 days will constitute an unconditional acceptance of the products and a waiver by the Buyer of all claims with respect to the products.

5. Warranties and Remedies. Seller warrants that all its products are free from defects in workmanship and material under normal use and service as shown in the Warranty document. Inspection will be made by the Buyer at the time and place of delivery. Buyer shall be liable to Seller for any and all costs and expenses incurred by Seller (including, without limitation, reasonable attorney's fees) in connection with Seller's collection of any past due invoice amounts. In the event that Buyer cancels any order placed (in whole or in part) without Seller's consent, Buyer shall be liable to Seller for reasonable cancellation charges, which shall include, but not be limited to, all costs and expenses incurred by Seller in preparing to fulfill such order. Cancellations will be accepted only upon receipt of written notice from Buyer and acceptance by Seller. Buyer shall incur a restocking charge of twenty five percent (25%) of the total invoice for any order canceled more than three (3) calendar days after initially placed with Seller.
