Architectural Door Accessories

ASSA ABLOY

The global leader in door opening solutions

McKinney ElectroLynx® Hinges

Connecting the Power to Door Hardware

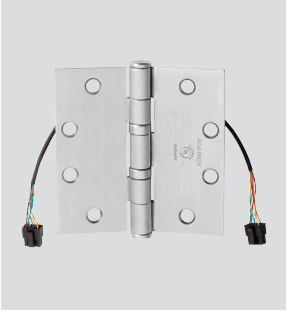

The McKinney ElectroLynx® Quick Connect electrified hinge offers the perfect solution for door openings that use electrified hardware. Installer-friendly "plug and play" ElectroLynx® connectors take the guesswork out of wiring and offers an quick method for connecting power from the source through the hinge to the electrified hardware.

Features	Benefits
Quick Connect (QC) ElectroLynx® Molex Connectors	Quick and easy installation; no incorrect wiring
Brass eyelets on portal holes	Protects wires from chafing
No external wires	Eliminates disruption of power due to tampering
UL Listed, ANSI/BHMA A156.1 Standard	Meets industry standards

Applications:

- Healthcare
- K-12 Schools
- Offices
- Airports
- Universities

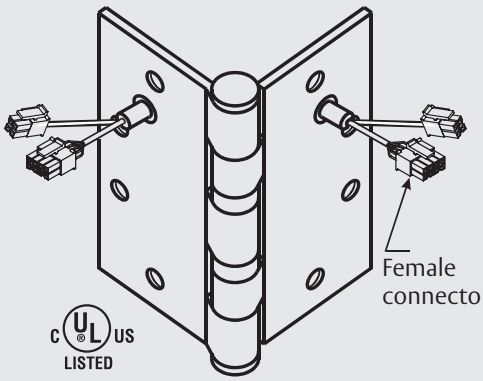

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience

ASSA ABLOY

McKinney ElectroLynx® Hinges (QC Option)

Each hinge features plug connectors that eliminate the need for separate or exposed wiring and make installation quick and simple. Brass eyelets add protection and durability.

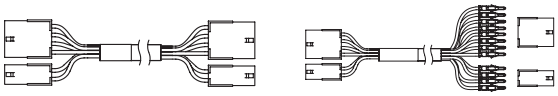

The QC Option is available on most standard McKinney hinges. TA2714 and T4A3786 (4-1/2" x 4-1/2" 26D) are available on the 3-day QuickShip Program. Consult the McKinney Catalog, web site or Customer Service for more information.
