Quick Installation
requires no cutting

- ✓ Slat width of 25 mm
- ✓ Stainless steel or aluminum finish
- ✓ Various door widths available
- ✓ Door height of 48″
- ✓ C3 mechanism, heavy-duty roller system

No.	Exterior width	Color
KITAMB18ALU25MM	18″	Aluminum
KITAMB18SS25MM	18″	Stainless steel
KITAMB24ALU25MM	24″	Aluminum
KITAMB24SS25MM	24″	Stainless steel
KITAMB30ALU25MM	30″	Aluminum
KITAMB30SS25MM	30″	Stainless steel
KITAMB36ALU25MM	36″	Aluminum
KITAMB36SS25MM	36″	Stainless steel

Note: Sizes for C3 kits are calculated as outside cabinet dimensions and prepared for a three-sided cabinet. A notch in the track is necessary for four-sided cabinet use. Using a 5/8″ (16 mm) board thickness will leave a flush result. Using a 3/4″ (19 mm) board thickness will leave a 3-mm reveal result. We recommend that you edge the face of the cabinet before you apply the face track.
