K-Wastebin II
bottom mount

Bottom mount recycling center with a large capacity in a narrow space. Can be equipped with a push to open (PTO) device.

Advantages

- Can be equipped with a push to open device (PTO) for easy opening when you have your hands full. A light touch on the door activate the opening device. Sold separately.
- Elegant side railing that keeps bins in place during opening and closing.
- Available in chrome and silver grey finish.
- Easy mounting on the bottom of the cabinet with only few screws.
- Door mounting brackets with adjustment in all directions.
- Suitable for cabinets with overlay or inset doors.
- Full extension undermount slides equipped with a soft closing device.
- Offered in single bin version or double bin version, bins sold separately.
- Bins of 36 qt and 52 Qt and lids are available in white and grey color.
- The single bin version offers extra storage space at the back, ideal to store cleaning products
- Load capacity of 100 lbs..
