K-Wastebin II
bottom mount

Bottom mount recycling center with a large capacity in a narrow space. Can be equipped with a Push To Open Device.

Advantages

- Can be equipped with a push to open device which opens the system with a little push on the door, practical when you have your hands full. Sold separately.
- Elegant side railing that keeps bins in place during opening and closing.
- Available in chrome, silver grey and champagne finish.
- Easy mounting on the bottom of the cabinet with only few screws.
- Door mounting brackets with adjustment in all directions.
- Suitable for cabinets with overlay or inset doors.
- Full extension undermount slides equipped with a soft closing device.
- Offered in single bin version or double bin version, bins sold separately.
- Bins of 36 qt and 52 qt and lids are available in white, grey and champagne color.
- The single bin version offers extra storage space at the back, ideal to store cleaning products
- Load capacity of 100 lbs..

Bins are available in 36 Qt or 52 Qt in 3 colors
